

AIC (Italy) and KIA - KERN Industrie Automation (Germany) announce new partnership

We are excited to announce the new partnership with KIA - KERN Industrie Automation (Germany). This opportunity will help bring AIC and KIA in a position to expand their global presence, attract new customers and increase the level of services.

Based in Germany and Czech Republic, KIA is a one-stop solution when it comes to instrumentation and control technology in plant engineering for the steel and iron industry and in process engineering in metallurgy. Certified to develop, design, manufacture and sale electrical equipment, automation technology, power transmission and safety fence systems, KERN Industrie Automation has the extensive range of products and services that covers all requirements in the cold and warm phases.

Sharing experience and common goals, both companies intend to create joint workshops, engineering & service centers to offer advanced solutions and support.

Any questions & business inquiries can be addressed to the official contacts of KERN Industrie Automation (KIA), Automazioni Industriali Capitanio (AIC) and ATS Mechatronics.

KERN Industrie Automation (KIA) GmbH & Co.KG

Address: Bergstraße 63a, 56203 Höhr-Grenzhausen, Germany
